SOUND

SOUND SYSTEMS

- Professional audio design and installation
- Designed specifically for your business using professional equipment from companies such as Bose, Crestron, QSC, and JBL
- Custom-programmed to your needs with User-Friendly Touchscreens

COMMERCIAL MUSIC

- Access to the most extensive collection of commercially licensed music
- Tailored playlist with advanced scheduling
- Delivery through internet streaming or satellite
- Manageable via your phone

SOUND MASKING

- Sound masking can be customized to make small close spaces feel private at a fraction of the cost of full sound proofing

ON HOLD AND IN STORE MARKETING

- Voice messaging solutions transform audio messaging into a powerful part of your business

SIGHT

DIGITAL SIGNAGE

- Digital signage offers continuous opportunities to engage and inform individuals.
- Utilize digital signs/menus in lobbies, team spaces, hallways, and meeting areas to broadcast your message.

CUSTOM CONTENT

- Professional custom content tailored to your business
- Whether you want 3D animation or a custom ad, we got you covered

LED VIDEO WALLS

- Customizable video walls installed by Muzicraft
- With the large-format nature of the display, video walls are eye-catching and can engage a large audience at once.

SYSTEMS

CONFERENCE ROOMS

- High-Tech conference rooms tailored to your needs

SECURITY CAMERAS

- We design video surveillance management systems to help you operate with greater efficiency and profitability.

DRIVE THRU SOLUTIONS

- We can ensure that your team is ready for action with the latest in drive-thru system technology.

CUSTOM SCHOOL BELL AND PA SYSTEMS

- User-friendly customizable School Bell and PA systems for schools large and small
- Installed and serviced locally by Muzicraft

SCENT

PROFESSIONAL SCENT SOLUTIONS FOR:

- Brand Marketing
- Product Promotion
- Aromatherapy

Muzicraft Mission Statement

Muzicraft is committed to maintaining its position as the professional leader in Audio Visual Design and Integration. We bring our customers the latest technology and service using the highest standards and ethical practices.
